MIXING TABLE: Pioneer DJM-800

CD PLAYERS: 3x Pioneer CDJ-2000 (really need 3 players all linked so one SC card can be used!)

MONITORS: 2x powerful monitor system on left and right hand side with full range capacity (Top and bass sound system). This needs to go LOUD enough with a clear sound!

Wireless microphone which is tested before and already connected.

Enough local to Euro plug adaptors are needed.

The distance between the floor and the ceiling must be 3 meters or higher.

DJ must be visible for audience.

The DJ-booth should be sufficiently lit. The organization makes sure there's enough light present on the stage and enough space.

If there's a screen for visuals the logo of Sem Thomasson should be projected to the audience at all time.

The organization makes sure that 1 car parking space is prepared close to the venue. If the parking is further away from the venue a shuttle service needs to be ready on arrival.

Hospitality rider

Drinks: 1 x bottle of Grey Goose and sufficient sodas (Coca-Cola, Ice-Tea), 1 x bottle of Laurent-Perrier Rose, some bottles of water.
