

ALPHA PARTY

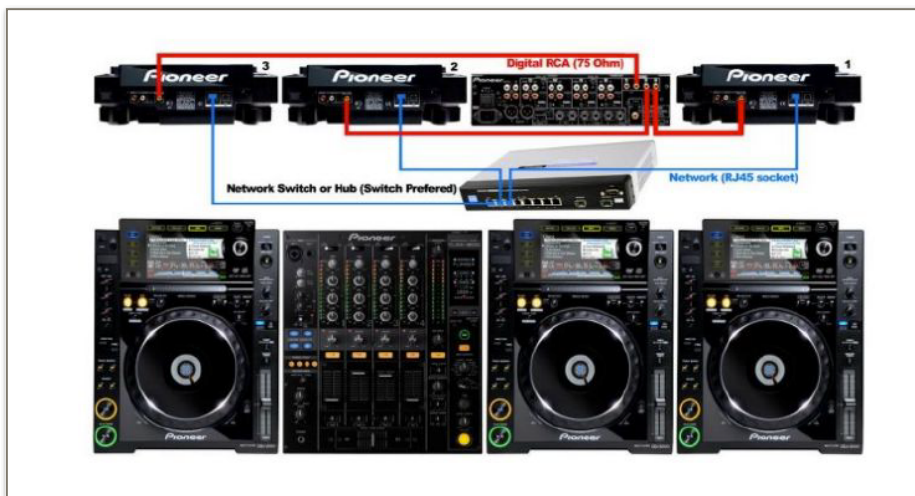

TECHNICAL RIDER

Last update: August 2, 2018

DJ BOOTH

- 3x Pioneer DJ CDJ 2000 NXS2
- 1x Pioneer DJ DJM 900 NXS2

- 1x SHURE SM-58 (WIRELESS MICROPHONE)
- 2x Powerful monitors left and right that can be 'booth' controlled via the mixer
- 1x All players & mixer should be correctly linked and numbered via a LAN hub

SOUND CAPACITY & STAGE

The sound installation is able to reach his full capacity (regarding legal norms) and the volume during the set of Alpha Party can be in no situation quieter than the act before or after.

The stage and DJ has to be visible for audience at all times and there has to be enough space and light present on the stage.

VISUALS

If there's a screen for visuals the logo of Alpha Party should be projected to the audience at all time. The logo is available in .ai & .png, - the perfect formats for a VJ or designer to work with. You can find these in the presskit of Alpha Party.

In case of any doubt contact: hello@Crossover-agency.com

PROMO

'Alpha Party' has to be mentioned on all promo materials. If using references, only use one or more of the following references:

Tomorrowland, Ostend Beach, Laundry Day

If you're using pictures, only use the pictures from the presspack.

HOSPITALITY RIDER

Last update: August 2, 2018

1x bottle of 'Absolut Vodka', soft drinks, red bull and sparkling water.

PARKING

The organisation makes sure that at least 1 car parking space is prepared close to the venue. If the parking is further away from the venue a shuttle service needs to be ready on arrival.

Make sure to give up a contact person to Crossover-Agency. This way the tourmanager can contact the organisation in case that's needed.

ONE LAST THING

We are thrilled to skyrock and meet you before our show. If there are some questions or anything we can do, contact hello@crossover-agency.com
